An Open Letter to All My Fellow Patriots April, 2018

Hello Fellow Patriots,

This letter is written from the bottom of my heart with great sincerity and love of country and the people who made it what it is and the people who must help save our country for future generations. 'My Fellow Patriots'!

Fellow Patriots, how are you liking:

- Going to work and bringing home more in your paycheck
- More jobs available
- Corporations not leaving the country and bringing back jobs from other countries
- Corporations bringing back money that they had earned overseas
- Less restrictions on businesses
- Putting America and its people first
- Lower taxes
- Eventually being rid of Obamacare
- Future building of the wall to keep out illegal aliens
- Standing strong against Sharia and Iran and N. Korea, etc.
- Protection of the 1st and 2nd Amendments

If you want to keep these things and like the way we are going then it is imperative that you wake up and become involved. The Progressives are working hard to make sure that they win. It is a midterm election this year and traditionally the party that isn't in control wins. I think you know and understand that if they take over all these good things will be history. They will take us back to where we were under Obama and it will get worse. You will eventually be gagged and guns will be illegal. We will become more and more in debt. We could get more Sanctuary Cities, Counties, States. Sharia Law, which is in great conflict with our Constitution, could take root.

We are on the edge of the cliff Patriots and it is up to us to stop what is going on and make sure our country stays 'free, prosperous, and the greatest country in the World!

To learn more on how to get involved, attend our next SHUR meeting on Wednesday April 25 at 7:00 PM at Nick's 22nd St Steak House, 48900 Van Dyke Shelby Twp

We are counting on your help. God bless and have a grand and glorious day. Your friend and neighbor
