An Open Letter to All My Fellow Patriots

May, 2018

Hello Fellow Patriots,

This letter is written from the bottom of my heart with great sincerity and love of country and the people who made it what it is and the people who must help save our country for future generations. 'My Fellow Patriots'!

It is time to make a **'Radical Decision'!** This isn't for wimps, but **'True Patriots'** who will work to take back our government. It may be annoying, time consuming, frustrating, and tiring from time to time. Just remember you are doing the **'Lords Work'!**

The consequences of ignoring what is going on and making excuses as to why you can't or won't become involved only allows this country to transcend to the way of the world. The **'The United States of America'** was not built with the same values and traditions as most other countries. We can't stand by and allow the best country in the world to disintegrate.

You must see and understand that the progressives work their buns off to get their point of view out there and to get their candidates elected at any cost. They are very good at what they do. Look at the message that President Obama got out there:

- Republicans hate seniors and want to 'Push Grandma off the cliff'
- Republicans hate women....

Yet Democrats are the ones that are guilty of the very things that they try to blame Republicans for. Someone used to tell me all the time that 'Perception is Reality'. So they keep going out there and repeating these perceptions over and over again until we the people start believing them. **It is time for us to stand up and be counted!** It won't be easy to change the direction our country is going in, but we have to do it none the less, that is unless you want to live in a country that no longer is free, prosperous and strong among other things.

To learn more on how to get involved, attend our next SHUR meeting on Wednesday May 23 at 7:00 PM at Nick's 22nd St. Steak House, 48900 Van Dyke Shelby Twp

We are counting on your help. God bless you and have a grand and glorious day. Your friend and neighbor,

Philis
Chair
