An Open Letter to all my Fellow Patriots

June, 2018

Hello Fellow Patriots,

This letter is written from the bottom of my heart with great sincerity and love of country and the people who made it what it is and the people who must help save our country for future generations. 'My Fellow Patriots'!

The Free Press is asking its readers to follow the 10-5-1 plan and get their people out to vote. The Liberals/Progressives/Dems. know that they have to work to get what they want. They take their time and in the end most often achieve their goal. We have to put a stop to this. See Free Press Plan: <https://on.freep.com/2wjWKZQ>

I started Kindergarten in 1948. We lived in the suburbs of St. Louis and both of my parents worked. They decided to send me to a private (non religion affiliated) school. It was noted for being the best school in the area. I remember my mother bragging to her friends that it was a progressive school. They didn't believe in homework or pushing kids. Kids should learn at their own speed. This disturbed me even back then. Not pushing or demanding things of kids didn't seem like a good idea to me and I was only 5 or 6. Every May all the kids in the school took part in a play or musical event to celebrate May Day. So all this progressive stuff was going on even back then. Remember when most public schools were considered good and kids were getting a decent education? What I am trying to relate to you here is that they work slowly but surely at getting where they want to go, while we complain, whine and do little or nothing to stop the destruction of our country as we know it.

So I have to ask, are we going to let them win or are we going to get up and start fighting back? Are we going to allow the progressives to continue to beat up anything that our side says or thinks or are we going to fight back? When does this become a priority for us, as a whole, to wake up and decide it is time to do something about the enemy within?

Duties to Clean the Swamp

At the very least follow the Free Press 10-5-1 plan. I will let you know when they put something else out to do. Volunteer to help a candidate/s of your choice. Donate money from time to time. Work for or against a ballot Proposal.

Have a grand and glorious Day, God bless.
Your friend and neighbor,
