"Hello" From the Chair

I am so grateful for all of you who got out and worked hard for candidates and worked for or against props. Thanks to all of you who care about our country and want it to shine once more.

The Federal election turned out fairly well. I don't know what the progressives are going to do to stop our country from moving forward, but I'm sure they are going to try something. Many years ago a Macomb Daily reporter was exposing the idea that Dems, were really 'Progressives'. I then stated then the progressives want to progress backwards not forwards!. He got angry with me at that point. I still think that is what progressives want, to move backwards.

We must stay engaged in our government. We must stand behind the ones that are doing what we want and help keep them strong. It is sometimes very hard to stay strong when feel like we are all alone. We must do stay out there and let the elected servants that aren't doing our bidding know that we aren't happy. We may even want to recall them and or at least make sure they don't get re-elected. These are our Christian, conservative, and Independent duties. We must decide what kind of country we want to live in and work for it.

So have a great Thanksgiving and I hope that you will be with family and friends to celebrate the day

God bless. Have a grand and glorious day. Your friend and neighbor,

Philia

I'm sorry to have to report to you the outcome of the Nov. 6 election.

All ballot props. passed. We lost a State Rep. District to a progressive. Our governor, secretary of state and attorney general are all progressives. The progressives won by getting their people out to vote by placing recreational marijuana on the ballot, among other things!

In 2008 I was running for re-election. That was the year it was 'Anyone but Bush' and Medical Marijuana was on the ballot and Obama ran for the first time. There was a big turnout that year also. Progressive Obama won. Going around to many of the polls that day I saw many people who were from the old hippy days out voting. Most of these people never voted, but they were definitely interested in legalizing marijuana for medical use because they understood that was the gateway to recreational marijuana legalization. While they were there they also voted for the Dems. They were right, 10 years later to the day we have legalized recreational use.

In about 1985, Roger and I went on a trip to Europe. One of the places we went was Holland. While on a tour in Holland the tour guide told us to look at a park that we were driving by. Drugs are legal in Holland. She told us that people, especially young people, came there from all over the world to do drugs. They hung out in that park. Ambulances were coming and going all day long to take out the young people who OD'ed there. It was so sad to hear that and frightening also. I hear some saying, but we just legalized marijuana. Yes I understand that, but what will come next?

Please keep praying for our country and keep involved. Please do it for the kids!
