"Hello" From the Chair

Easter 2019 is on **Sunday, April 21, 2019**

I was not blessed to have children of my own. But I have loved everyone else's kids. I have several adopted grandkids and adore them. And I'm really worried that they may not get the same opportunities to live in a Constitutional Republic, where they can choose to work and prosper, free to worship as they choose, free to move about, free...free....free! Will we become a socialist/communist country? I pray not! I pray for your kids and grandkids!

So what are we going to do folks? Will we get up and fight to make sure we elect good people who want free and open government 'Of the People, By the People, and For the People'? Are we going to work to bring our country back to its origins, a 'Constitutional Republic'?

See what the difference is between a Constitutional Republic and a Democracy: <https://bit.ly/2Xix4pR>

To briefly state the differences a Constitutional Republic is run by the 'Rule of Law'. Both the majority of the people and the minority get a say in what happens. The government is not the boss! In a Democracy the majority rules and government can become tyrannical.

Are you watching and listening to what is going on in our country right now? Do you understand how many people who don't believe we should be a 'Constitutional Republic' got elected and what they are trying to do to our country? Are you concerned? If so I invite you to join with me to work to bring our country back. To teach our children and grandkids the truth about the history of our country and other countries.

Please join hands with other like minded people and help us save our country. Do it for the Kids and Grandkids!

Have a grand and glorious day and God bless.
Your friend and neighbor,

Philia

Freedom of Information Act (FOIA) update

After checking with the Sterling Heights Clerk's office this morning I'm happy to say that you no longer have to fill out a FOIA request to get the names of people who have asked for petitions to run for office or people who have turned in their petitions. Hooray!

CANDIDATES

Sterling Heights City campaign hopefuls are out getting signatures for the up coming election. We have six city councilpeople and one mayor which are all up for re-election this year. They need to get around 1000 signatures in order to make sure they have enough valid signatures to get on the ballot.

If we have 12 or less council candidates there won't be a council primary. If we have 2 or less candidates for mayor we won't have a mayoral primary either.

How to Vet Candidates

SHUR will be talking a lot about Vetting Candidates and how to determine whom to vote for and how to help candidates get elected! Please come to our SHUR meetings and get involved so that we can work to get the best council and mayor possible.

If you owned a business or you were in charge of hiring for a business would you hire someone without checking out their credentials and or interviewing the candidate for the job?
